Statement of Work

Directive Consulting will set up billing as follows:

a. [CLIENT NAME] will directly pay Google and other advertising portals their desired advertising budget.

b. [CLIENT NAME] will directly pay any technology vendors for new tools or platforms.

c. [CLIENT NAME] will pay Directive Consulting in accordance with the fee structure outlined in the pricing section of this SOW.

Paid Media Project Phase

GENERAL

1. Get Access to Accounts

a. Google Ads

b. Microsoft Ads

c. Google Tag Manager

d. Google Analytics

e. Social Profiles

f. Demand-Side Platforms/programmatic accounts

g. And Any Others

h. The subsequent tasks during the project phase will not begin until full access is granted to all relevant & active platforms.

2. Understand Advertising Goals

a. Audit historical spend and performance to create budget recommendations.

b. Establish Lifetime Value and LTV: CAC for proposed advertising channels, as possible based on historical data available.

c. Determine North Star Metric to ensure budget recommendations are aligned with advertising goals.

PROJECTS & TASKS

3. Identify TAM & Create Segmented Account Lists

a. Define the customer segments and personas to understand their challenges and needs.

b. Identify TAM and create TAM lists

c. Create segmented audiences that will be used in Paid Social campaigns

d. Completion of items A-C above will be dependent on any existing persona frameworks and TAMs the client already has. Directive reserves the right to recommend using existing assets if the team judges they are exhaustive and high-quality. If a TAM is provided and not built by Directive, Directive will manually verify the TAM to ensure accuracy.

Statement of Work

PAID MEDIA PROJECT PHASE

4. Discoverability Audit

a. Identify top-ranking directories on the SERP.

b. Run analysis across the 3rd party directories ranking in our aligned software category.

c. Incorporate directory findings into campaign media plan if appropriate based on research, budget, client offering, and account goals.

5. Paid Social Audit

a. Audit historical performance of Paid Social campaigns to identify high-performing offers and content.

b. Audit audience segmentation across different campaigns and offers.

c. Audit campaign structure & make updates accordingly based on performance & platform best practices

d. Strategize for single persona campaigns based on quality.

e. Audit imagery and creative for Paid Social campaigns.

6. Paid Search Audit

a. Audit historical budget allocation across campaigns and make any immediate budget optimizations (i.e., high-performing campaigns losing impression share)

b. Audit the relevancy of our ad group keywords. Mine search terms reports for irrelevant terms.

c. Pinpoint why visitors aren't converting, identify the choke points in campaigns, the major underlying issues, and actionable solutions.

d. Audit targeting across campaigns and ad groups to eliminate any keyword cannibalization.

Statement of Work

MISCELLANEOUS

7. Additional Keyword Research

a. Audit competitor keywords to understand any gaps in paid discoverability.

b. Use keyword research tools to expand into any missing areas.

8. Map Out Campaign Structure

a. Finalize all channels and campaigns, as well as the goals behind each channel and campaign

b. Assess the specific type of content we can provide customers with during the buying journey.

c. Create budget recommendations across each channel for sufficient testing

d. Present media plan to gather feedback before building out campaigns.

Statement of Work

9. Reporting and Communication

a. Slack Channel with your dedicated team as well as the Associate Director, Director of Paid Media, and VP of Client Strategy.

b. Weekly updates for a tight feedback loop into what we're doing and why we're doing it.

c. Prioritization sheet to organize our analysis and audits into action items.

d. Project presentation of important findings and quarterly/yearly strategy roadmaps to hit our North Star Metric and sub-KPIs

e. Prepare standard reporting dashboard that shows paid media performance and attributes performance to down-funnel metrics* (*should CRM access be provided and data requirements satisfied). Standard reporting dashboard contains:

i. Overall Summary

ii. Platform Summary

iii. Campaign Performance

iv. Budget Summary

v. MoM Performance

vi. Creative Performance

vii. Landing Page Performance

Timeline: Project Phase will begin after the initial 14-day Paid Media account setup period. The Project Phase will take approximately 30 days.

Statement of Work

Paid Media Ongoing Engagement

1. **Advertising: Management, optimization, and reporting on paid media channels (i.e. platforms with ad buys structured around CPC or CPM) for North America.**
    a. Ongoing campaign analysis and budget optimization based on business goals. Continual budget suggestions based on performance across all channels and campaigns.
    b. Targeting optimization through search term mining, audience segmentation, dayparting, time-of-day analysis, etc.
    c. Alpha/Beta campaign segmentation. Identify high-performing search terms and create alpha campaigns around those to max out impression share.
    d. Ongoing A/B testing of ad copy to increase CTR or decrease CTR but increase the quality of click-thrus.
    e. Ongoing experimentation of campaigns and targeting and implementation of new features within the Google Ads platform.

2. **Discoverability: Management and acquisition of third-party ad buys**
    a. Budget analysis across all campaigns based on our North Star Metric. Continual budget recommendations to maximize efficiency across all channels.
    b. Ongoing SERP analysis for new directories. Ongoing testing of new channels and directories to position the [CLIENT NAME] brand throughout the buyer's journey.
    c. Continual landing page testing across all channels (social, 3rd party directories, Google Ads, etc.)

3. **Advanced Reporting**
    a. Dedicated Account Strategist.
    b. Slack Channel with your dedicated team as well as the Associate Director, Director of Paid Media, and VP of Client Strategy.
    c. Bi-Weekly updates for tight feedback loops into what we're doing and why we're doing it.
    d. Monthly data analysis to gut check quarterly performance and pivot strategy if need be.
    e. Quarterly road map and prioritization sheet to organize our analysis and audits into action items.
    f. Maintain reporting dashboard and update with custom views depending on data requirements.

$10,000 in Ad Spend minimum per channel within Search, Social, Review Sites, and Programmatic. Channel recommendations will be provided based on the Strategy phase research.
