Directive

**Customer Generation is how Tech companies will outperform their peers and achieve efficient growth in 2023 and beyond.**

**To understand why, let's start at the beginning...**

“The purpose of business is to create a customer”

Peter Drucker

Yet at a time when the stakes have never been higher, customer acquisition and growth for Tech companies has never been more complex.

# And, these complexities are serious.

Macroeconomics: inflation, interest rates, supply chain disruptions, etc.

The Pandemic and The Great Resignation have left us with a new normal

The rise of AI and TikTok

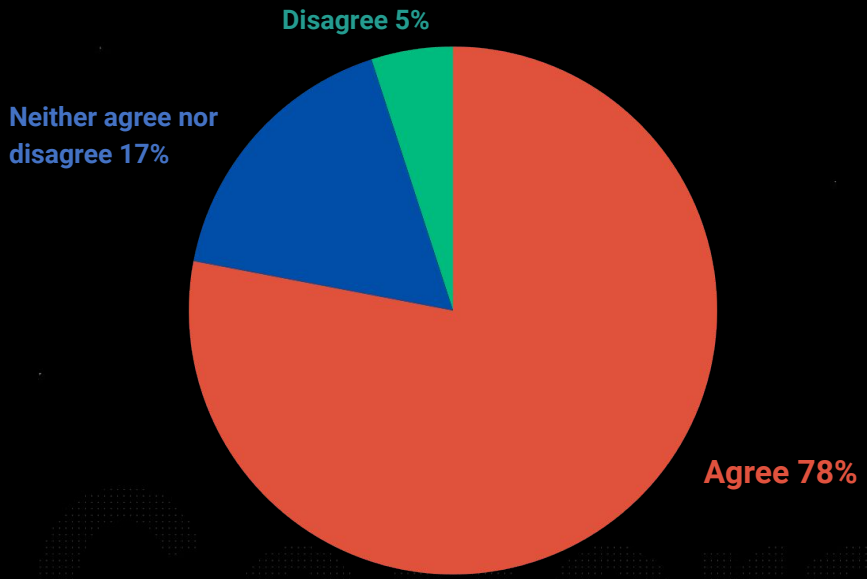

Investments down, cost of capital up

A return to fundamentals, i.e: become profitable, earn your valuation

# This is what your peers are saying: “Marketing has changed more in the past 3 years than in the past 50 years”

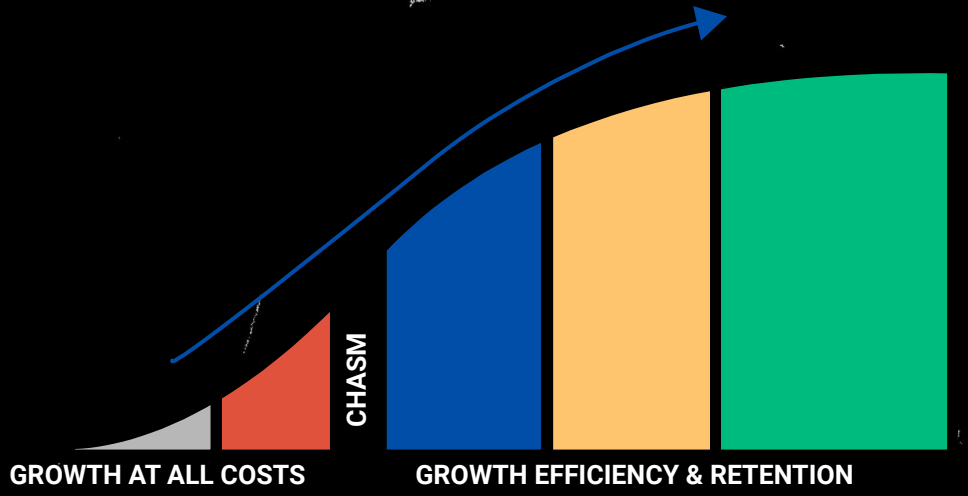

Source: 2022 Hubspot Survey

# The simple reality is that Demand Generation doesn't go deep enough...

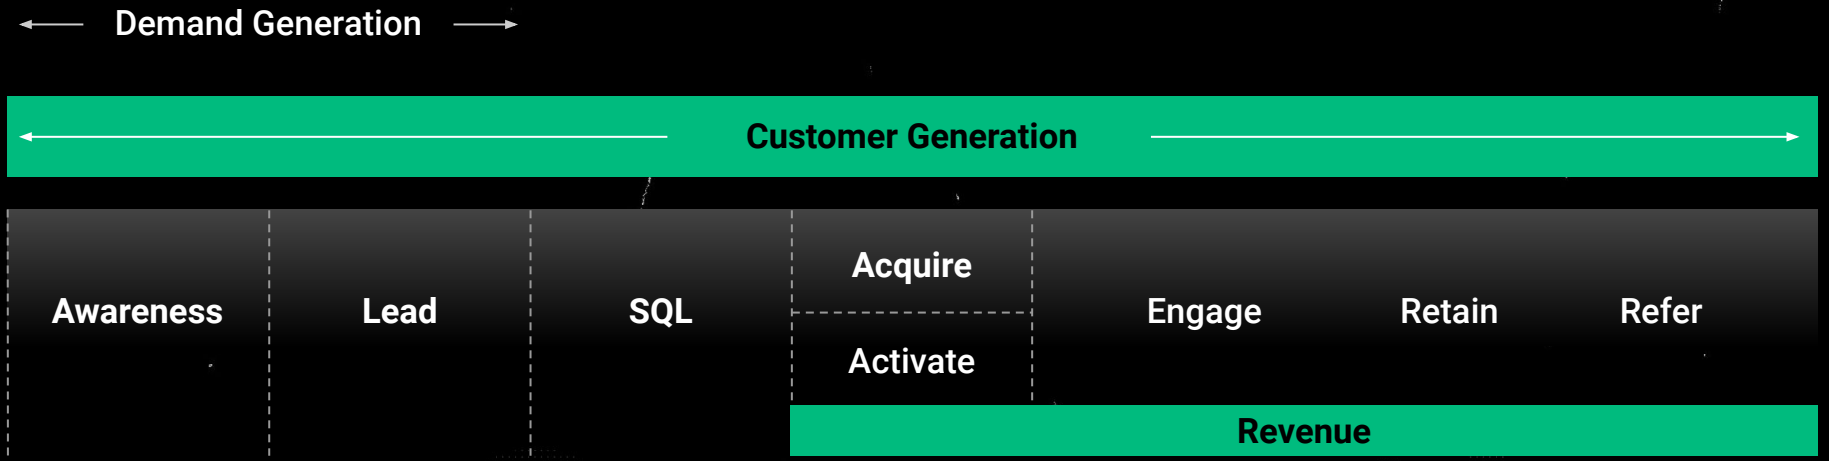

# And, this lack of depth, creates a massive opportunity to leap the competition…

*Yet many Tech companies will fail*
*(or require an acquisition parachute)*

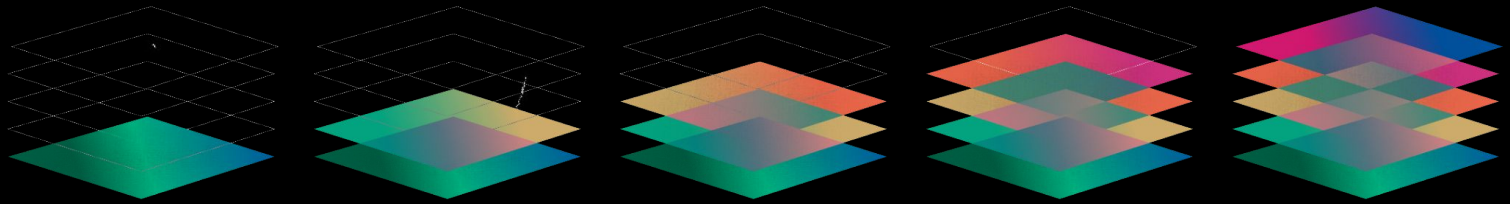

# Customer Generation is the solution. It's our proprietary approach to generating the right customers across their full lifecycle

# Customer Generation moves beyond ‘Demand’ OR ‘Performance’ to what marketers actually need to win

| PERFORMANCE MARKETING | CUSTOMER GENERATION |
| --- | --- |
| Brand vs Performance | Brand AND performance |
| Channel technicians | Multi-channel strategists |
| Leads as NSM | CLTV & revenue as NSM |
| Linear funnel | Compounding growth cycle |
| Siloed teams | Integrated teams |
| Static data warehouses | 1st party data put to use |
| Hard to measure efficiency | Financial modeling |

# The 5 Principles of
# Customer Generation

**Principle 1:**
**1st Party Data Unlocks Advertising Scale**

**Principle 2:**
**NSMs Focus Capital Allocation & Growth**

**Principle 3:**
**Financial Modeling is a Need to Have**

**Principle 4:**
**Customers Beat Leads Every Time**

**Principle 5:**
**Product, Sales, and Marketing Is Your Flywheel**

| View Rate | 2.72% | 0.86% | 10.99% | 44 |

Principle 4

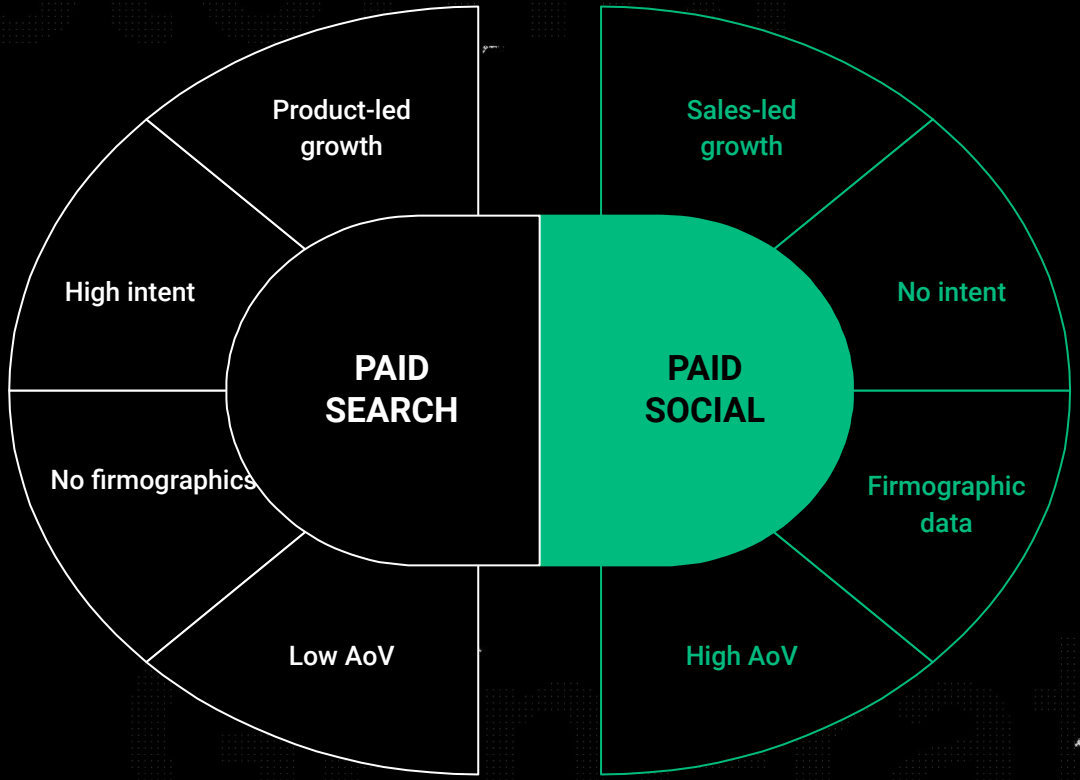

# Customers Beat Leads Every Time

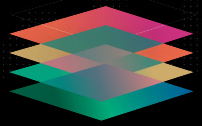

MQLs are like balloons.

When they inevitably pop, there's nothing inside. Great marketing makes you customers. Let's keep this one simple.

# We have an advertising conundrum...

Customers Beat Leads Every Time

# Monetizing Paid Social with a Great Offer

Decide on your offer

## We tested different gift card amounts and $100 outperformed other amounts.

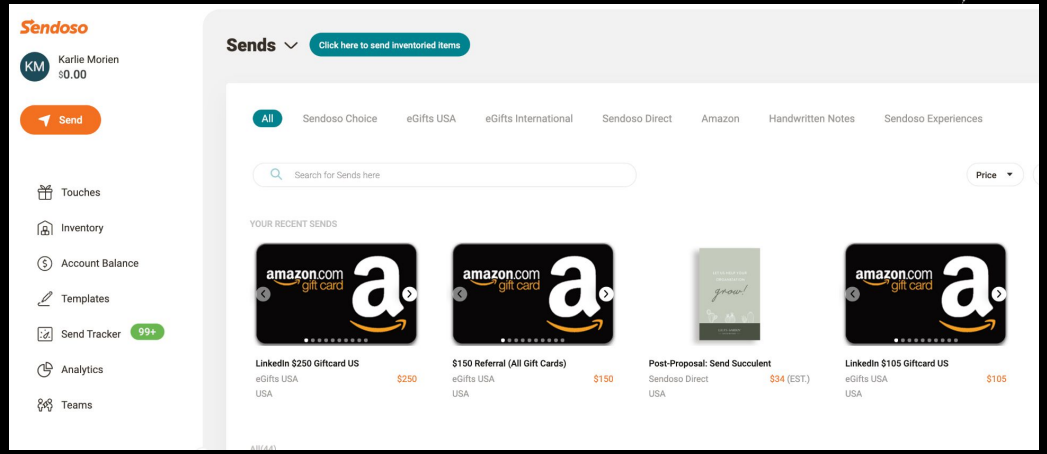

| | COST/FORM FILL | COST/LEAD (incl. GC) |
|---|---|---|
|   | $79 | $329 |
|   | **$72** | **$172** |
|   | $280 | $330 |

Principle 5

# Product, Sales, and Marketing Is Your Flywheel

For technology customers, marketing, product, and sales equal one brand experience.

Solving customer problems and getting more of them requires one team.

Product, Sales, and Marketing
Is Your Flywheel

# Map your existing teams, goals, and current alignment

Internal silos translate to disjointed marketing and poor growth efficiency

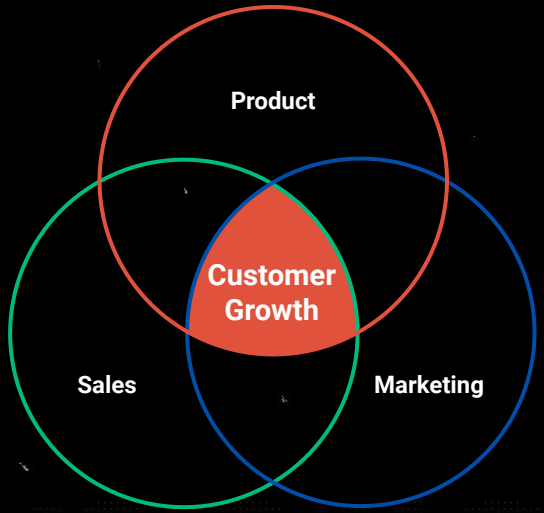

Product, Sales, and Marketing
Is Your Flywheel

# Align on customer growth as a shared responsibility

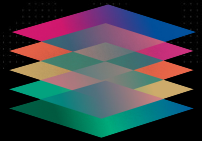

Internal alignment translates to customer personalization, ability to scale process and product, and growth success

## Integrated

*"The best product doesn't always win. The one everyone uses wins"*

- *Andrew Bosworth, CTO of Meta*

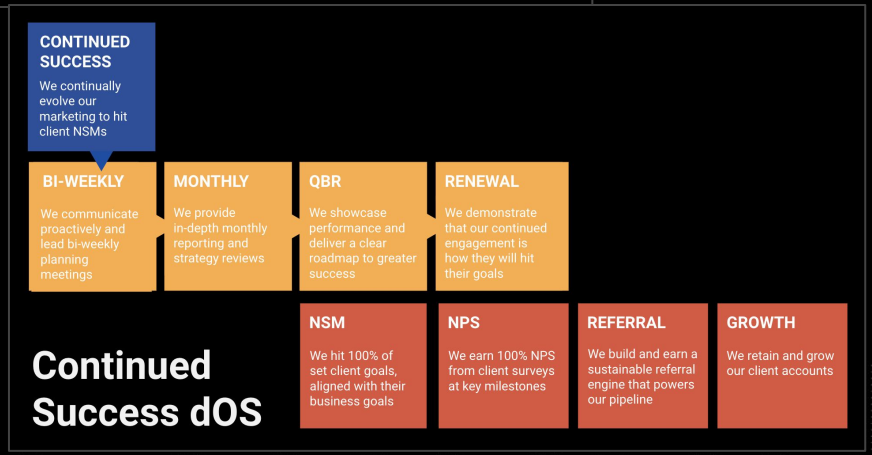

**Product, Sales, and Marketing Is Your Flywheel**

# Connect and communicate your value chain

Your value delivery model dictates the customer experience and your ability to retain, grow and scale. Establish gatekeepers, goals, and review cycles for every stage for continual improvement.

@gmehrguth linkedin.com/in/garrettmehrguth/

Directive

Product, Sales, and Marketing
Is Your Flywheel

# Your flywheel powers innovation

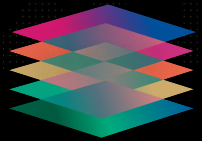

We invest over $3m annually in R&D. Our flywheel ensures new trends and methodologies are integrated across teams and quickly applied to improve client performance

@gmehrguth linkedin.com/in/garrettmehrguth/

Directive

#5

Product, Sales, and Marketing
Is Your Flywheel

# Integrate your workflows

Shared visibility and accountability on core initiatives (in a project mgmt tool like Asana) is where the rubber meets the road and the work gets done.

| Planning 2023 | | | |
|---|---|---|---|
| Deliver results and methodology of Campaign 2 | Derek Ger... | Marketing | Feb 3 |
| Finalize review and input from Directors on tact | LM Laurent Ma... | Product | Feb 1 |
| **[Example] Evaluation of new email marketing** | Derek Ger... | Marketing | Feb 2 |
| Directors sign-off on first draft and begin detai | LM Laurent Ma... | Product | Feb 8 |
| Confirm new service/competency requirements | CC Caitie Collins | Operations | Feb 8 |
| Brief People Ops and submit new hires/new hir | CC Caitie Collins | Operations | Feb 10 |
| Training Modules (Sales Team) - Completed & | Matt Lamp... | Sales | Feb 17 |
| Finalize proposal 2.0 based on Product team C | Matt Lamp... | Sales | Feb 17 |
| Website CG 2.0 - Revamp Completed | Derek Ger... | Marketing | Feb 22 |
| **[Example] Finalize budget** | Derek Ger... | Marketing | Feb 24 |

# The end result is worth it.

## A BETTER CUSTOMER EXPERIENCE

*“80% of customers are more likely to buy from a company that provides a tailored experience”*

Epsilon

*"My reason for coming to you was that I was really impressed with your marketing, so congratulations on that. If you can impress a marketer you know that's a pretty good sign."*

Cirrus Insight®

## STRONGER PARTNERSHIPS

*"I love working with Directive, we consider you part of our own team."*

EASYVISTA

*“They are amazing partners… and amazing at spreading the word about our products.”*

CHILI PIPER

*"I love our collaboration with Directive, every piece of work is of the highest quality and the teams' organisation is fantastic.”*

deputy

## MUTUAL GROWTH

*"Directive has been instrumental to the growth we’ve seen during the last year and a half.”*

VYOND

*“We've seen serious results since working with Directive."*

ARCTIC WOLF

*"This is the best Q4 we have ever had… the best, literally"*

Invicti
