L&D Mock Assignments Workflow

TL.DR.

This document outlines the mock assignments workflow for new hires, including each step and documentation needed to evaluate a new hire before they get approved for a client project.

Mock assignment objectives

Mock assignments are designed to assess the technical and soft skills of new hires joining each specific team and role.

Who owns what (WIP)

Below are the tasks and responsibilities for a streamlined workflow across different departments handling multiple mock assignments during a single week.

TASK	DESCRIPTION	ASSIGNEE
Scheduling Mock Assignment Overview with New Hires	Mock Assignment Overview session to brief the new hires	TBC
Scheduling Remaining Mock Assignment sessions	The upcoming sessions to be scheduled with Mock Clients (ASDs, Leads)	New hire
Consulting Skills Evaluation	Evaluate New Hires on the Consulting skills (Communication, Presentation, Professionalism) for their final presentation	L&D
Strategy (SEO, Paid Media, Creative) Evaluation	Evaluate New Hires on the technical strategy	Associate Director
Update New Hire Mock Assignment Trackers	Update each new hire Mock Assignment tracker Asana boards with notes (feedback/comments on their	Associate Director & L&D

TASK	DESCRIPTION	ASSIGNEE
	presentation) and their progress on the mock assignments for HR and leadership visibility	
Approval	Give the green light before assigning the new hire to a client	Associate Director & L&D

Current Workflow:

1. AsD and Director assign client new hire will use for their mock assignments
2. Schedule an initial meeting with new hire(s) to walk through the mock assignment process and expectations
3. Send an email including the following:
    a. Client Name
    b. Client Folder
    c. Current AS on Account
    d. Due Date
4. Coordinate and schedule mock assignment call with AsD, L&D, and new team member (including Paulina Fernandez if MX employee)

Tasks

L&D to coordinate the mock assignment calls by scheduling time with new hires and AsDs. AsDs need to be part of every single mock assignment session.

Sessions that L&D needs to be present:

- Intro to Mock Assignment (Briefing)
- Strategy Presentation

PAID MEDIA - Account Strategists

- WHO Assignment
    - **Objective**: Define their client's positioning, market segmentation, and ideal customer persona
    - **Template**: Link
    - **Assigned**: Day 4 of Week 1
    - **Estimated Completion Time**: 2 business days

- Account Audit (Done in tandem with the WHO Assignment)

    - **Objective**: Assess technical abilities in Google Ads (due to time constraints and access to additional platforms), gain exposure to Directive's weekly update format including information required on every update (NSM and budget pacing), and their ability to explain the 'why' behind their insights/opportunities
    - **Assigned**: Day 4 of Week 1
    - **Estimated Completion Time**: 2 business days

- LTV:CAC + NSM Setting
    - **Objective**: Introduction to how we do financial modeling at Directive. Using actual data from their mock client they'll learn how to work within our LTV:CAC template and assess their ability to infer from the data
    - Additional Notes: This assignment is a two-part assignment as you need to complete the LTV:CAC template to move onto the NSM setting portion of the assignment
    - **Assigned**: Immediately after passing account audit assignment
    - **Estimated Completion Time**: 2 business days

- Strategy Presentation
    - **Objective**: Assess the ability to communicate clearly and effectively the proposed strategy for their mock client using data, insights, examples gathered from the previous assignments
    - **Assigned**: Immediately after passing LTV:CAC assignment
    - **Estimated Completion Time**: 2 business days

PAID MEDIA - Account Specialists

Account specialists are expected to be supporting account immediately after Week 1 of onboarding.

- WHO Assignment
    - **Objective**: Define their client's positioning, market segmentation, and ideal customer persona
    - **Assigned**: Day 4 of Week 1
    - **Estimated Completion Time**: Dependent on support workload; but generally 5 business days

- Account Audit
    - **Objective**: Assess technical abilities in Google Ads (due to time constraints and access to additional platforms), gain exposure to Directive's weekly update format including information required on every update (NSM and budget pacing), and their ability to explain the 'why' behind their insights/opportunities

    - **Assigned**: Day 4 of Week 1
    - **Estimated Completion Time**: Dependent on support workload; but generally 5 business days

- LinkedIn Convo Ads Assignment
    - **Objective**: Introduces Directive's approach to conversation ads. The individual will create a conversation ads campaign in Linkedin and gain experience reviewing their client's personas and TAM list, uploading the audience list into LinkedIn, building the conversation ads message framework, and present their setup and validate why they chose that specific audience (we provide sales data to help with their decision making)
    - **Assigned**: Immediately after completing account audit assignment
    - **Estimated Completion Time**: Dependent on support workload; but generally 5 business days

- Capterra Overview Assignment
    - **Objective**: Introduces third-party review sites. The individual will watch a series of videos walking through how to navigate Capterra - they will then perform a "scavenger hunt" recording their screen walking through the platform while also talking through each section
    - **Assigned**: Immediately after completing account audit assignment
    - **Estimated Completion Time**: Dependent on support workload; but generally 5 business days

SEO - Account Strategists

- WHO Assignment
    - **Objective**: Define their client's positioning, market segmentation, and ideal customer persona
    - **Assigned**: Day 4 of Week 1
    - **Estimated Completion Time**: 2 business days
    - Note: Doesn't need to be presented

- Keyword Research
    - **Objective**: Gain exposure to our various templates and tools that we use to conduct keyword research
    - **Assigned**: Day 4 of Week 1
    - **Estimated Completion Time**: 2 business days

- Site Architecture Audit

    - **Objective**: Gain exposure to our various templates and tools that we use to audit a client's existing site architecture
    - **Assigned**: Immediately after completion of keyword research assignment
    - **Estimated Completion Time**: 2 business days

- Quick Wins Audit (Done in tandem with the Site Architecture Audit)
    - **Objective**: Gain exposure to our various templates and tools that we use to find and present quick wins to our clients
    - **Assigned**: Immediately after completion of keyword research assignment
    - **Estimated Completion Time**: 2 business days

- Content Strategy Audit
    - **Objective**: Gain exposure to our various templates and tools that we use to audit a client's existing content and propose potential content strategy based on our findings
    - **Assigned**: Immediately after completion of site architecture audit + quick wins assignments
    - **Estimated Completion Time**: 1 business day

- Strategy Presentation
    - **Objective**: Assess the ability to communicate clearly and effectively the proposed strategy for their mock client using data, insights, examples gathered from the previous assignments
    - **Assigned**: Immediately after passing account audit assignment
    - **Estimated Completion Time**: 2 business days

SEO - Account Specialists

- WHO Assignment
    - **Objective**: Define their client's positioning, market segmentation, and ideal customer persona
    - **Assigned**: Day 4 of Week 1
    - **Estimated Completion Time**: Dependent on support workload; but generally 5 business days

- Technical Audit
    - **Objective**: Gain exposure to our various templates and tools that we use to conduct our technical audit
    - **Assigned**: Day 4 of Week 1
    - **Estimated Completion Time**: **Estimated Completion Time**: Dependent on support workload; but generally 5 business days

- Keyword Research
    - **Objective**: Gain exposure to our various templates and tools that we use to conduct keyword research
    - **Assigned**: Immediately after passing the technical audit
    - **Estimated Completion Time**: Dependent on support workload; but generally 5 business days

- Site Architecture Audit
    - **Objective**: Define their client's positioning, market segmentation, and ideal customer persona
    - **Assigned**: Immediately after passing keyword research assignment
    - **Estimated Completion Time**: **Estimated Completion Time**: Dependent on support workload; but generally 5 business days

- Content Strategy Audit
    - **Objective**: Gain exposure to our various templates and tools that we use to audit a client's existing content and propose potential content strategy based on our findings
    - **Assigned**: Immediately after passing Site Architecture Audit
    - **Estimated Completion Time**: **Estimated Completion Time**: Dependent on support workload; but generally 5 business days

- Content Brief Build (can be substituted with actual client work)
    - **Objective**: Gain exposure to our various templates and tools that we use to build content brief
    - **Assigned**: Immediately after passing content strategy audit
    - **Estimated Completion Time**: **Estimated Completion Time**: Dependent on support workload; but generally 5 business days

- Backlink Audit
    - **Objective**: Gain exposure to our various templates and tools that we use to complete the backlink audit
    - **Assigned**: Immediately after passing content brief assignment
    - **Estimated Completion Time**: **Estimated Completion Time**: Dependent on support workload; but generally 5 business days
